

4 Days Camel Tour (incl. 4 nights in [Our Camp](#))

Camels are indispensable friends in the desert. In the old days, they used to carry goods, luggage, and people for many days. Bedouin life without camels would be impossible. Because camels have such a great value for us, we want to share the experience of a camel ride with you. Everything is special about this animal: the fur, the height, the smell, but most importantly their character. Camels are friendly animals and utmost reliable, if you treat them right.

This tour is an extension of the [3 Days Camel Tour](#) . It includes **4 days and 4 nights**.

Day 1

Depending on your travel plans, you arrive the first day in Rum village. There, you meet your camel and walk to the **Nabataen Temple**. Next, we visit **Lawrence Spring** and continue to **Khazaly Canyon**

. There, you have enough time to walk inside and have a look at ancient rock inscriptions. Afterwards, there is time for lunch with Bedouin tea. From there, we take the camels to the Bedouin Camp. If we arrive early, you can explore the nearby area by yourself and watch a beautiful sunset. In the evening, you enjoy a traditional Bedouin dinner and sleep in

[Our Camp](#)

Day 2

After breakfast we will start by camel to **Umm Fruth Rock Bridge**. The ride will take at least 1 hour and upon arrival, you can climb the bridge. Take your time, as we prepare the lunch in the meantime. After having a rest with Bedouin food and tea, we will ride to the

Small Rock Bridge

. Afterwards, we return to the camp for another beautiful sunset and night in the desert.

Day 3

After breakfast we start to ride the camels towards the **White Desert**. This area hardly sees any tourists, as it is located far into the desert. Around midday we stop for lunch and have some time to relax. Afterwards, we continue to the White Desert and explore the area. Your guide can tell you about the history of the area and how it is related to Bedouin life in Wadi Rum. We arrive in the camp in the evening for dinner.

Day 4

After breakfast we cross the big Wadi Rum valley towards **Lawrence's House**. Proceeding further around a huge rock, we reach the

Ancient Inscriptions

and the

Big Red Sand Dunes

. After you climbed the dune and enjoyed the beautiful view over the desert, you will have lunch. Slowly afterwards, we ride the camels back to the camp crossing deep canyons and the

big Wadi Rum valley again. In the evening, you can enjoy another traditional Bedouin dinner and your last night in the desert.

The next morning after breakfast we will drive you back to Rum village by jeep.

- 1 person: **JOD 70** (per day)
