

This special tour combines a [Full Day Jeep Tour](#) with **a night in a Bedouin cave**.

The tour starts in the morning around 9am or 10am to make sure that you have enough time to visit all highlights in Wadi Rum. In the evening, we will arrive at a hidden cave, which is only known to few people in Wadi Rum. There, we will prepare a traditional Bedouin dinner for you. We will eat, talk, make jokes - just like we Bedouins like to do.

In the next morning, you will have breakfast before going back to Rum village.

Sleeping in a cave? - Yes! At first glance, this idea might sound a bit strange. But trust us, we Bedouins have been sleeping in caves for ever. Traditionally, sheep herders used caves to sleep, when they stayed with their sheep for many days in a row. Nowadays, we like to escape into the desert to be for ourselves and enjoy the silence. When we want to stay over night, caves are the perfect spots.
